

HSM StoreEx HDS 150 - 40 mm

Medienvernichter HSM StoreEx HDS 150

Der kompakte Medienvernichter HSM StoreEx HDS 150 zerstört digitale Datenträger sicher, wirtschaftlich und datenschutzkonform.

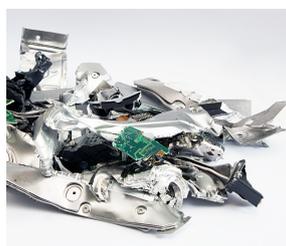

Technical data

Order number:	1772811	Cutting capacity HDD 2,5":	1200,0 St/H
EAN	4026631055338	Cutting capacity CD/DVD:	4200 St/h
Cutting type:	strip cut	Cutting capacity magnetic tapes:	280 St/h
Cutting size:	40 mm	Loading aperture Length x Width x Height:	290 x 165 x 60 mm
Security level (DIN 66399):	E-2 H-3 security cut T-1	Noise level (idle operation):	ca. 61 dB(A)
Driving power:	1,5 kW	Width x Depth x Height:	1200 x 815 x 1325 mm
Voltage / Frequency:	220-240 V / 50 Hz/60 Hz	Weight:	534 kg
Intake width:	165 mm	Shredder material:	Staples and paper clips, Credit card, CD/DVD, Floppy disk, Hard drives up to 3.5", Magnetic tapes up to 3.5"
Container volume / collecting:	40 l		
Cutting capacity HDD up to 3,5":	210 St/h		

Product information

The waste container can be easily removed and emptied.

A conventional 3.5 inch hard disk is cut into at least three parts ("H-3 security cut"). The security level is thus many times higher than with conventional methods.

The digital data media shredder is operated with single-phase power connection.

HSM®

Continuous energy-saving operation

This powerful machine provides an excellent cutting performance combined with reliable continuous operation

Low power consumption

The stand-by feature ensures a high degree of energy saving when the digital data media shredder is not in use.

Material anti-jam function

The automatic reverse function rectifies material jams and ensures smooth shredding operations.

High level of user safety

User safety is paramount. A slight pressure on the safety element immediately stops the material feed and prevents unintentional entry into the machine.

Automatic start/stop

An integrated light barrier automatically starts the device when paper is introduced into the feed and automatically stops it after shredding is complete.

Mobile on castors

For convenience, there are castors on the digital data media shredder so it is easy to move around.
