Product information

The high quality materials and proven HSM "Made in Germany" quality guarantee you are receiving a safe and durable machine – and also 3 years warranty.

The induction-hardened, solid steel cutting rollers can easily cope with staples and paper clips and guarantee durability.

The innovative drive and operating concept IntelligentDrive offers an increase in performance of up to 40 %. One of three operating modes can be selected as required: silent for particularly quiet operation, standard with an optimum throughput rate and low noise level and performance for maximum cutting and throughput performance.

Intuitive operation and multi-language menu selection via the high resolution 4,3" touch display. Relevant information such as operating modes and status reports are displayed. Consumable material, machine and contact details can be called up.
