

HSM VK 4012

For industrial applications with special requirements - Throughput up to approx. 239 m³/h

Technical data

Order number:	6406001	Pressing power:	450 kN
Maximum bale weight:	400 kg	Bale size (LxWxH):	900 x 720 mm
Strapping:	3		

Product Information:

Can be fully integrated into existing workflows and processes. Operating side can be selected

Integration into automated industrial production processes

Very low space requirement thanks to compact and sturdy design

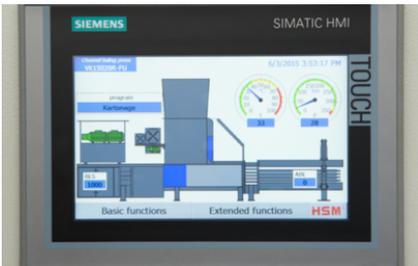

Suitable for continuous loading with conveyor belt, air feeding or similar

High compression and bale weights

Particularly suitable for compression of cardboard and plastic film

Control of the pressing process via light barrier

Versatile solution for materials up to approx. 40 kg /m³ bulk weight

Suitable for almost all requirements. Contact us if you have other materials or applications. We will find you a suitable solution.
