

HSM VK 4812

For industrial applications with small material loads - Throughput up to approx. 332 m³/h

Technical data

Order number:	6649002	Pressing power:	480 kN
Maximum bale weight:	450 kg	Bale size (LxWxH):	1100 x 750 mm
Strapping:	4		

Product Information:

Can be fully integrated into existing workflows and processes. Operating side can be selected

Integration into automated industrial production processes

Suitable for continuous loading with conveyor belt, air feeding or similar

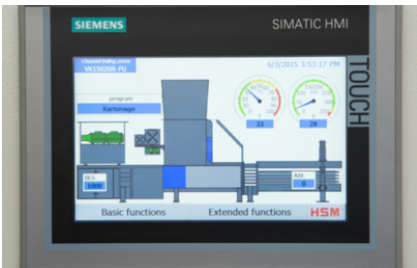

High compression and bale weights

Fully automatic vertical strapping

Particularly suitable for compression of cardboard and plastic film

Control of the pressing process via light barrier

Versatile solution for materials up to approx. 60 kg /m³ bulk weight

Suitable for almost all requirements. Contact us if you have other materials or applications. We will find you a suitable solution.
