

HSM VK 5016

For professional disposal management or larger industrial applications – with high throughput rates up to approx. 485 m³/h

Technical data

Order number:	6462000	Pressing power:	500 kN
Maximum bale weight:	480 kg	Bale size (WxHxL):	1100 x 750 x 1800 mm
Number of strappings:	4	Strapping material:	horizontal

Product Information:

With large loading aperture for optimised feeding methods (1600 mm length)

Fully automatic 5-fold strapping for optimal bale result also with expansive materials

Available as an option with frequency-regulated drive – saves 40 % of the energy used by standard drives

Control of the pressing process via light barrier. Suitable for continuous loading with conveyor belt, air feeding or similar

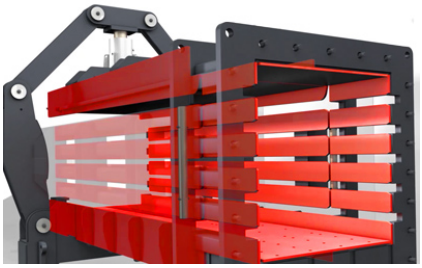

Suitable for cardboard, plastic film and compressing DSD goods, UBC as well as PET bottles (other materials on request)

Versatile solution for materials up to approx. 50 kg /m³ bulk weight

Optimally adjusted software for different materials guarantees high bale quality even when material is frequently changed

Solid steel construction with highly wear resistant steel parts inside the press chamber and press channel

---

high bale weight | continuous operation | Made in Germany | reliable | perfect truck utilisation | 95% volume reduction
