HSM VK 6215

For professional disposal management or larger industrial applications with high throughput rates - Throughput up to approx. 540 m³/h

Technical data

Order number:	6443000	Pressing power:	620 kN
Maximum bale weight:	550 kg	Bale size (LxWxH):	1100 x 750 mm
Strapping:	5		

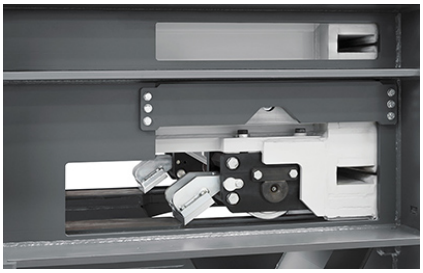
Product Information:

Fully automatic 5-fold strapping for optimal bale result also with expansive materials

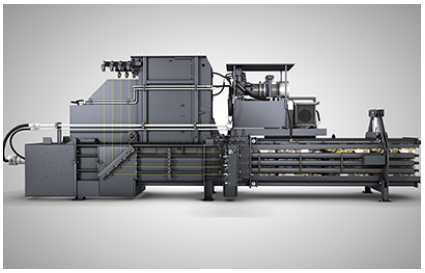
Available as an option with frequency-regulated drive – saves 40 % of the energy used by standard drives

Control of the pressing process via light barrier. Suitable for continuous loading with conveyor belt, air feeding or similar

Suitable for cardboard, plastic film and compressing DSD goods, UBC as well as PET bottles (other materials on request)



Solid press carriage guidance with easy maintenance access



Available as an option suitable for residual waste (with wear-resistant steel)

Versatile solution for materials up to approx. 60 kg /m³ bulk weight

Optimally adjusted software for different materials guarantees high bale quality even when material is frequently changed

---

high bale weight | continuous operation | Made in Germany | reliable | perfect truck utilisation | 95% volume reduction
