

HSM HL 1615

This all-purpose stationary baler is designed for high loads and completely flattens paper scraps, large cardboard boxes, plastic foils and comparable materials – even rigid paint cans and light metal barrels (up to 200 litres). To handle even extremely one-sided loads in the press chamber, the press ram guidance has a specially large and sturdy construction. Both large loading flaps, which together function as an oversize feeding opening, make it possible to compact voluminous materials simply and quickly without having to manually tear them into smaller pieces beforehand.

Technical data

Order number:	6219134	Pressing power:	150 kN
Maximum bale weight:	200 kg	Bale size (WxHxL):	700 x 800 x var. 1100 mm
Loading aperture (WxH):	700 x 1500 mm	Infeed height:	990 mm
Number of strappings:	4	Type of consumables:	strapping tape
Motor:	7,5 kW	Voltage / Frequency:	400 V / 50 Hz
Cycle time:	32 s	Dimensions of machine (WxDxH):	4470 x 1343 x 2042 mm
Machine weight:	1890 kg		

Product Information:

Automatic information as soon as enough material for a bale has been compressed and the bale can be tied

Intuitive, multilingual operational guidance via graphic description

Suitable for cardboard as well as film

Made in Germany
