

HSM V-Press 860 E

The vertical baling press HSM V-Press 860 E is specially designed for the compression of crushed PET/UBC bottles in bags.

Technical data

Order number:	6048711	Pressing power:	548 kN
Maximum bale weight:	320 kg	Width x Depth x Height:	1785 x 1544 x 2990 mm
Loading aperture (WxH):	1195 x 640 mm		

Product Information:

Automatic start of the pressing process after closing the door

Convenient membrane keypad with text display, which shows the current status of the machine

Stainless steel tray for manual draining

The HSM V-Presses are highly energy efficient thanks to the rapid stroke technology. This saves time and money

To fill the press, the upper half of the doors is folded down

Massive press ram and extremely robust press plate guidance

Special retaining claws optimize the compression by stopping the expansion into the press chamber

HSM TCS (Torsion Control System) for monitoring press ram movement

Strapping with wire
